Bill paying has just gotten easier, thanks to a new system created by the City of Aiken.

Under this system, you can pay your water bill through an automatic draft of your checking account, no matter where you bank.

That means you will never have to come into the water department to pay your bill again, or worry about finding postage when your bill is due. Even when you are out of town, your bill will be paid automatically.

Best of all, you will even know the amount to be deducted from your checking account 10 days ahead of time. And as proof of your payment, the amount deducted will be shown on your monthly bank statement.

To become a part of this system, all you need to do is complete the form below and return to the City of Aiken water department. You must include a voided check from your checking account for us to establish the program for you.

*The first month after you have signed up, you will still need to pay your water bill as usual. During this time, we will run a test on your bank account to insure we have the correct account information. Thereafter, your water bill will be automatically drafted and you won't have to do a thing.*

This automatic draft system helps to save our customers time and money by reducing postage and handling costs. There is no charge for this service.

-----  
Cut along the dotted line above and return this form with your voided check to:
